TABLE OF CONTENTS

FUND SUMMARY

Investment Objectives: The Fund seeks total return.

Fees and Expenses of the Fund: This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts on purchases of Class A shares if you and your family invest, or agree to invest in the future, at least $50,000 in the Fund. More information about these and other discounts is available from your financial professional and in **How to Purchase Shares** on page 9 of this Prospectus.

Total Annual Fund Operating Expenses after Fee Waiver and Reimbursement	2.09%	2.84%	1.84%	2.24%

(1) Estimated for the current fiscal period.

(2) Acquired Fund Fees and Expenses are the estimated average indirect costs of investing in other investment companies (the "Underlying Funds"). The operating expenses in this fee table will not correlate to the expense ratio in the Fund's financial highlights because the financial statements include only the direct operating expenses incurred by the Fund.

(3) The Adviser has contractually agreed to waive its management fees and to make payments to limit Fund expenses, until January 31, 2021 so that the total annual operating expenses exclusive of (i) any front-end or contingent deferred loads; (ii) brokerage fees and commissions; (iii) acquired fund fees and expenses; (iv) fees and expenses associated with investments in other collective investment vehicles or derivative instruments (including for example options and swap fees and expenses); (v) borrowing costs (such as interest and dividend expense on securities sold short); (vi) taxes; and (vii) extraordinary expenses, such as litigation expenses (which may include indemnification of Fund officers and Trustees, contractual indemnification of Fund service providers (other than the Adviser) of the Fund do not exceed 1.54%, 1.29%, 2.29% and 1.69%, for Class A, Instl Class, Class C, and Investor Class shares, respectively. These fee waivers and expense reimbursements are subject to possible recoupment from the Fund in future years (within the three years from the date when the amount is waived or reimbursed) if such recoupment can be achieved within the lesser of the foregoing expense limits or the then-current expense limits. This agreement may be terminated only by the Fund's Board of Trustees, on 60 days' written notice to the Adviser.

Example: This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest $10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

Class	1 Year	3 Years
Class A	$775	$1,272
Class C	$287	$963
Instl Class	$187	$664
Investor Class	$227	$785

Portfolio Turnover: The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund's performance.

Principal Investment Strategies: The Fund invests in open-end investment companies (mutual funds) and exchange-traded funds ("ETFs") that primarily invest in high-yield corporate bonds, also commonly known as junk bonds ("HYCB Funds") or long-duration U.S. Treasury securities ("Treasury Bond Funds"). For the purposes of this prospectus, HYCB Funds and Treasury Bond Funds are collectively referred to as "Underlying Bond Funds." The Fund considers high-yield corporate bonds to be those that are rated lower than Baa3 by Moody's Investors Service ("Moody's") or lower than BBB- by Standard and Poor's Rating Group ("S&P").

Under normal circumstances, the Fund invests at least 80% of its net assets (defined as net assets plus the amount of any borrowing for investment purposes) in Underlying Bond Funds. The Adviser expects the Fund to be primarily invested in HYCB Funds under most market conditions. The Fund does not have maturity or duration limitations with respect to the holdings of the Underlying Bond Funds in which it invests.

The Adviser's investment strategy is a tactical style that includes disciplines that attempt to limit downside risk (drawdown, meaning the magnitude of decline from highest price to the subsequent low) as well as to seek to enhance return through income and capital appreciation (total return). The current yield of the Fund is not a separate goal, and the monthly distribution yield will fluctuate.

The Adviser does not employ a passive "buy and hold" strategy. Instead, the Adviser uses proprietary rules to tactically shift the Fund's assets from HYCB Funds to Treasury Bond Funds and the reverse, and on occasion temporarily into money-market funds. As part of its integrated risk-management disciplines, the Adviser monitors each HYCB Fund held in the Fund daily and applies a trailing-stop discipline separately to each HYCB Fund in the Fund's portfolio. The Adviser employs a trailing stop discipline which adjusts the level of trailing stops as the price of a holding rises and is calculated as a percentage or dollar amount below the market price. When the price of a holding decreases by a certain percentage or dollar amount, the Adviser sells the holding in an attempt to protect profits and minimize further impact on the portfolio. When any HYCB Fund declines in price enough to generate a "Sell signal" under the Adviser's trailing-stop discipline, the Fund will sell that HYCB Fund and invest the proceeds in one or more Treasury Bond Funds. Conversely, when prices of HYCB Funds begin trending upward sufficient to give "Buy signals" under that model, the Adviser will sell part or all of its holdings in Treasury Bond Funds and select and purchase one or more HYCB Funds, and will continue to make such purchases with net cash inflows into the Fund.

The same type of Buy and Sell disciplines (with different parameters) are also applied to the Treasury Bond Funds when they are held. If both types of funds have given Sell signals, the proceeds will temporarily be held in cash (money-market mutual funds and/or ultra-short-term bond funds) until either HYCB Funds or Treasury Bond Funds give Buy signals.

The buy and sell disciplines described above are a proprietary approach ("Buy and Sell Disciplines") that two of the Fund's portfolio managers (Dr. Sleeper and Mr. Wright) have used within their related companies' diversified separately managed accounts since 1987, in seeking to limit the impact on the overall Fund portfolio of any sustained decline in the high-yield corporate bond and Treasury bond markets.

The Buy and Sell Disciplines are not designed to attempt to buy at lows or to sell at highs, but to seek to participate in a substantial part of any sustained uptrend in the HYCB market, as well as to shift into the Treasury bond market during most of any sustained downtrend in the HYCB market, similarly seeking to participate in a substantial part of uptrends in that market.

The Adviser employs a "reactive" approach as distinct from a "predictive" approach. The Adviser does not expect to average more than two Sell signals alternated with two Buy signals per year in the HYCB Funds. Thus, the Adviser expects that the Fund's portfolio turnover rate will average approximately 200% per year.

Principal Investment Risks: ***As with all mutual funds, there is the risk that you could lose money through your investment in the Fund. The Fund is not intended to be a complete investment program. Many factors affect the Fund's net asset value and performance.***

Performance of the Fund during future periods will definitely vary. Some months and some quarters will result in negative performance; indeed, some future years may have negative performance.

- *Fixed-Income Risk.* When the Fund invests in Underlying Bond Funds, the value of your investment in the Fund will generally decline when interest rates rise or when other factors cause declines in the high-yield bond market generally or in a specific Underlying Bond Fund. Defaults by high-yield bond issuers in which the Underlying Bond Funds invest may also harm performance.
- *High Yield Bond Risk.* Lower-quality bonds, known as "high yield" or "junk" bonds, present greater risk than bonds of higher quality, including an increased risk of default. An economic downturn or period of rising interest rates could adversely affect the market for these bonds and reduce an underlying HYCB Fund's ability to sell its high-yield bonds. The lack of a liquid market for these bonds could decrease the Fund's share price.
- *Management Risk.* The Adviser's dependence on its high-yield bond strategy and judgments about the attractiveness, value and potential appreciation of particular ETFs and mutual funds in which the Fund invests will in some cases prove to be incorrect and have negative impacts on performance.
- *Model Risk.* The Adviser's investment model carries a risk that the model used might be based on one or more incorrect assumptions. Rapidly changing and unforeseen market dynamics could also lead to a decrease in short term effectiveness of the model. No assurance can be given that the Fund will be successful under all or any market conditions.
- *Portfolio Turnover Risk.* As to the portion of the portfolio invested in ETFs and other investment companies, turnover may result in higher brokerage commissions, dealer mark-ups and other transaction costs. The Fund's investment style will result in most capital gains within the portfolio being realized as short-term capital gains.
- *Underlying Fund Risk.* Each Underlying Fund is subject to specific risks, depending on its bond investments. Underlying Funds are also subject to investment advisory fees and other expenses, which are indirectly borne by the Fund. As a result, your overall cost of investing in the underlying bonds and other assets will be higher than the cost of investing directly in them, and may be higher than other mutual funds that invest directly in bonds.
- *ETF Risk.* Shares of ETFs may trade at a discount or a premium in market price if there is a limited market in such shares and are also subject to brokerage and other trading costs, which could result in greater expenses to the Fund. The index-tracking ETFs in which the Fund invests will not be able to replicate exactly the performance of the indices they track because the total return generated by the securities will be reduced by transaction costs incurred in adjusting the actual balance of the securities.

Performance: Because the Fund has less than a full calendar year of investment operations, no performance information is presented for the Fund at this time. In the future, performance information will be presented in this section of this Prospectus. Also, shareholder reports containing financial and performance information will be mailed to shareholders semi-annually and will be available on www.sierramutualfunds.com.

Investment Adviser: Wright Fund Management, LLC (the "Adviser") is the Fund's investment adviser.

Investment Adviser Portfolio Managers: Kenneth L. Sleeper, MBA, PhD, Managing Director and Portfolio Manager of the Adviser, David C. Wright, JD, Managing Director and Portfolio Manager of the Adviser and Terri Spath, MBA, CFA, CFP® and Portfolio Manager of the Adviser. Dr. Sleeper, Mr. Wright and Ms. Spath have served the Fund as portfolio managers since it commenced operations in October 2019. Each portfolio manager is jointly and primarily responsible for the day-to-day management of the Fund.

Purchase and Sale of Fund Shares: For all Classes, the minimum initial investment is $10,000 and the minimum subsequent investment is $1,000. You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open. Redemption requests may be made in writing, by telephone, or through a financial intermediary and will be paid by ACH, check or wire transfer.

Tax Information: Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-deferred account such as an IRA or 401(k). However, these dividend and capital gain distributions may be taxable upon their eventual withdrawal from tax-deferred plans.

Payments to Broker-Dealers and Other Financial Intermediaries: If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

ADDITIONAL INFORMATION ABOUT INVESTMENT STRATEGIES AND RELATED RISKS

Investment Objectives

The Fund's investment objective is to provide total return. The Fund's investment objectives are not a fundamental policy, and may be changed by the Board of Trustees without shareholder approval upon 60 days written notice.

Principal Investment Strategies

The Fund invests in open-end investment companies (mutual funds) and exchange-traded funds ("ETFs") that primarily invest in high-yield corporate bonds, also commonly known as junk bonds, ("HYCB Funds") or long-duration U.S. Treasury securities ("Treasury Bond Funds"). For the purposes of this prospectus, HYCB Funds and Treasury Bond Funds are collectively referred to as "Underlying Bond Funds." The Fund considers high-yield corporate bonds to be those that are rated lower than Baa3 by Moody's Investors Service ("Moody's") or lower than BBB- by Standard and Poor's Rating Group ("S&P").

Under normal circumstances, the Fund invests at least 80% of its net assets (defined as net assets plus the amount of any borrowing for investment purposes) in Underlying Bond Funds. The Adviser expects the Fund to be primarily invested in HYCB Funds under most market conditions. The Fund does not have maturity or duration limitations with respect to the holdings of the Underlying Bond Funds in which it invests.

The Adviser's investment strategy is a tactical style that includes disciplines that attempt to limit downside risk (drawdown, meaning the magnitude of decline from highest price to the subsequent low) as well as to seek to enhance return through income and capital appreciation (total return). The current yield of the Fund is not a separate goal, and the monthly distribution yield will fluctuate.

The Adviser does not employ a passive "buy and hold" strategy. Instead, the Adviser uses proprietary rules to tactically shift the Fund's assets from HYCB Funds to Treasury Bond Funds and the reverse, and on occasion temporarily into money-market funds.

As part of its integrated risk-management disciplines, the Adviser monitors each HYCB Fund held in the Fund daily and applies a trailing-stop discipline separately to each HYCB Fund in the Fund's portfolio. The same type of Buy and Sell disciplines (with different parameters) are also applied to the Treasury Bond Funds when they are held. If both types of Underlying Bond funds have given Sell signals, the proceeds will temporarily be held in cash (money-market mutual funds and/or ultra-short-term bond funds) until either HYCB Funds or Treasury Bond Funds give Buy signals.

The buy and sell disciplines described above are a proprietary approach ("Buy and Sell Disciplines") that two of the Fund's portfolio managers (Dr. Sleeper and Mr. Wright) have used within their related companies' diversified separately managed accounts since 1987, in seeking to limit the impact on the overall Fund portfolio of any sustained decline in the high-yield corporate bond and Treasury bond markets.

The Buy and Sell Disciplines are not designed to attempt to buy at lows or to sell at highs, but to seek to participate in a substantial part of any sustained uptrend in the high-yield corporate bond market, as well as to step aside into the Treasury bond market during most of any sustained downtrend in the HYCB market, similarly seeking to participate in a substantial part of uptrends in that market.

The Adviser employs a "reactive" approach as distinct from a "predictive" approach. The Adviser does not expect to average more than two Sell signals alternated with two Buy signals per year in the HYCB Funds. Thus, the Adviser expects that the Fund's portfolio turnover rate will average approximately 200% per year.

Risk-Management Strategies

As detailed above, the Adviser does not employ a passive "buy and hold" strategy. The Adviser applies an integrated set of risk-management disciplines with the goal of limiting the impact of downside risk.

First, rather than trying to choose and purchase a limited number of high yield corporate bonds, the Adviser invests in a number of different underlying HYCB Funds, that in total own a very large number of high-yield bonds, thereby limiting the potential impact of price declines or defaults in any bond or limited number of bonds.

Second, rather than selecting one HYCB Fund (thus one portfolio management team and its singular style), the Adviser selects a number of different HYCB Bond Funds, with different management teams and somewhat different styles. Such selections are based in part on the historical performance of such funds relative to their peer groups, which in turn reflects their internal success in selecting productive high-yield corporate bonds as well as avoiding defaults.

Third, as a key part of its integrated risk-management disciplines, the Adviser monitors each HYCB Fund and/or Treasury Bond Fund daily, and applies a trailing-stop discipline (which generates the Sell signals) to each holding of the Fund, based on the proprietary approach ("Sell Disciplines") that two of the Fund's portfolio managers (Dr. Sleeper and Mr. Wright) have used within their related companies' separately-managed accounts since 1987, in order to limit the impact on the overall Fund portfolio of any sustained decline in those markets.

The Sell Disciplines are not designed to attempt to sell at highs, but to step aside early in any sustained downtrend. The Adviser employs a "reactive" approach as distinct from a "predictive" approach. The Adviser does not consider its approach to be a "trading" style in terms of frequency, and does not expect to average more than two Sell signals alternated with two Buy signals per year for any type of holding.

Principal Investment Risks:

Performance of the Fund during future periods will definitely vary. Some months and some quarters will result in negative performance; indeed, some future years may have negative performance.

- *Fixed Income Risk.* When the Fund invests in fixed income Underlying Funds, the value of your investment in the Fund will fluctuate with changes in interest rates. Typically, a rise in interest rates causes a decline in the value of the Underlying Funds owned by the Fund. In general, the market price of debt securities with longer maturities will increase or decrease more in response to changes in interest rates than shorter-term securities. Other risk factors impacting fixed income securities include credit risk, maturity risk, market risk, extension risk, illiquid security risks, foreign securities risk and prepayment risk. These risks could affect the value of a particular investment by the Fund possibly causing the Fund's share price and total return to be reduced and fluctuate more than other types of investments. In addition, some of the Underlying Funds in which the Fund will invest from time to time invest in what are sometimes referred to as high-yield or junk bonds. Such securities are considered speculative investments that carry greater risk of default and are more susceptible to real or perceived adverse economic and competitive industry conditions than higher quality debt securities.

- *High Yield Bond Risk*. Lower-quality bonds, known as "high yield" or "junk" bonds, present a significant risk for loss of principal and interest. These bonds offer the potential for higher return, but also involve greater risk than bonds of higher quality, including an increased possibility that the bond's issuer, obligor or guarantor may not be able to make its payments of interest and principal (credit quality risk). If that happens, the value of the bond may decrease, and the Fund's share price may decrease and its income distribution may be reduced. An economic downturn or period of rising interest rates (interest rate risk) could adversely affect the market for these bonds and reduce the Fund's ability to sell its bonds (liquidity risk). Such securities may also include "Rule 144A" securities, which are subject to resale restrictions. The lack of a liquid market for these bonds could decrease the Fund's share price.

- *Management Risk.* The share price of the Fund changes daily based on the performance of the Underlying Bond Funds in which it invests. The ability of the Fund to meet its investment objective is directly related to the Adviser's ability to identify Underlying Bond Funds that have the potential to achieve positive total return, and to create diversity within the total portfolio of the Fund.

- *Model Risk.* The Adviser's investment model carries a risk that the model used might be based on one or more incorrect assumptions. Rapidly changing and unforeseen market dynamics could also lead to a decrease in short term effectiveness of the model. No assurance can be given that the Fund will be successful under all or any market conditions.

- *Portfolio Turnover Risk.* Increased portfolio turnover may result in higher brokerage commissions, dealer mark-ups and other transaction costs and may result in taxable capital gains. Portfolio turnover refers to the rate at which the Underlying Funds held by the Fund are bought and sold. The higher the rate, the higher the transactional and brokerage costs associated with turnover, which may reduce the Fund's returns, unless the securities traded can be bought and sold without significant transaction or commission costs or redemption fees. Because the Fund will seldom hold an Underlying Fund for 12 months or more, investors who own the Fund in taxable accounts will be subject to federal income tax at short-term rates.

- *Underlying Fund Risk.* Underlying Funds are subject to investment advisory fees and other expenses, which are indirectly borne by the Fund. As a result, your cost of investing in the Fund will be higher than the cost of investing directly in ETFs and mutual funds and may be higher than other mutual funds that invest directly in stocks and bonds. Each Underlying Fund is subject to specific risks, depending on its investments.

- *ETF Risk.* ETFs are listed on national stock exchanges and are traded like stocks listed on an exchange. Their shares may trade at a discount or a premium in market price if there is a limited market in such shares and are also subject to brokerage and other trading costs, which could result in greater expenses to the Fund. Because the value of ETFs depends on the demand in the market, the Adviser may not be able to liquidate the Fund's holdings at the most optimal time, adversely affecting performance. Each Underlying Fund is subject to specific risks, depending on the nature of its investment objective and strategies, including liquidity risk, sector risk, foreign and emerging market risk, as well as risks associated with fixed-income securities, real estate investments, and commodities. The index-tracking ETFs in which the Fund invests will not be able to replicate exactly the performance of the indices they track because the total return generated by the securities will be reduced by transaction costs incurred in adjusting the actual balance of the securities. In addition, the ETFs in which the Fund invests will incur expenses not incurred by their applicable indices. Certain securities comprising the indices tracked by an ETF may, from time to time, temporarily be unavailable, which may further impede the ETF's ability to track its applicable indices.

Temporary Investments: To respond to adverse market, economic, political or other conditions, the Fund may invest up to 100% of its total assets, without limitation, in mutual funds that invest in high-quality ultra-short-term debt securities and money-market instruments. These short-term debt securities and money market instruments include shares of money-market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. When the Fund is partly or fully in a defensive position, the opportunity to achieve its performance objective will be limited.

Portfolio Holdings Disclosure: A description of the Fund's policies regarding the release of portfolio holdings information is available in the Fund's Statement of Additional Information.

Cybersecurity: The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and their shareholders could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate their NAV; impediments to trading; the inability of the Fund, the Adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for the Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

MANAGEMENT

Investment Adviser: Wright Fund Management, LLC, located at 3420 Ocean Park Boulevard, Suite 3060, Santa Monica, California 90405, serves as investment adviser to the Fund and is referred to in this Prospectus as the "Adviser."

Subject to the authority of the Board of Trustees, the Adviser is responsible for management of the Fund's investment portfolio. The Adviser is responsible for selecting the Fund's investments according to the Fund's investment objective, policies and restrictions. The Adviser was established in 2007. As of September 30, 2019, the Adviser and its affiliated advisory firms had total assets under management and advisement of greater than $4.0 billion. The Adviser, Sierra Investment Management, Inc. ("Sierra") and Ocean Park Asset Management, Inc. ("Ocean Park") are affiliated through indirect common ownership by Mr. Wright and Dr. Sleeper.

For its services, the Adviser receives an annual advisory fee equal to 1.05% of the Fund's average daily net assets. A discussion regarding the basis for the Board of Trustees' approval of the advisory agreement will be available in the Fund's first shareholder report for the period ending March 31, 2020.

The Adviser has contractually agreed to ensure that total annual Fund operating expenses after fee waiver and reimbursement (exclusive of any front-end or contingent deferred loads, taxes, leverage interest, brokerage commissions, expenses of underlying funds in which the Fund invests, expenses incurred in connection with any merger or reorganization, dividend expense on securities sold short) and extraordinary expenses, such as litigation at least until January 31, 2021, will not exceed the specified limits below.

Class	A	C	Instl	Investor
Expense Cap	1.54%	2.29%	1.29%	1.69%

Waivers and expense payments may be recouped by the Adviser from the Fund, to the extent that overall expenses fall below the specified limits, within three years of when the amounts were waived or recouped. Fee waiver and reimbursement arrangements can decrease the Fund's expenses and thereby increase its net performance to shareholders.

In addition to investment advisory fees, the Fund pays other expenses including costs incurred in connection with the maintenance of its securities law registration, printing and mailing Prospectuses and Statements of Additional Information to shareholders, certain financial accounting services, taxes or governmental fees, custodial, transfer and shareholder servicing agent costs, expenses of outside counsel and independent accountants, preparation of shareholder reports and expenses of trustee and shareholder meetings.

Investment Adviser Portfolio Managers: Dr. Sleeper and Mr. Wright have been the principals of two affiliated Registered Investment Advisory firms – Sierra and Ocean Park – for more than thirty years, specializing in developing and implementing managed-risk, low-volatility tactical portfolio management disciplines for separate accounts for clients who are primarily retirees and other conservative investors, managing in excess of $656 million in such separate accounts as of the date of this Prospectus.

Kenneth L. Sleeper, MBA, PhD
Dr. Sleeper, Member and Portfolio Manager of the Adviser, has been a 50% beneficial owner of the Adviser since its formation in 2007. He and trusts formed by him own 50% of the profit interest of the Adviser. He has been the Senior Vice President, a Director and 50% shareholder of Sierra, an affiliate of the Adviser, since 1992 and was a general partner of Sierra's predecessor since its formation in 1987. Dr. Sleeper has also been the Vice President, Managing Director and 50% shareholder of Ocean Park, another affiliate of the Adviser, since its formation in 1988.

David C. Wright, JD
Mr. Wright has been a 50% beneficial owner and the Managing Member of the Adviser since its formation in 2007. He and trusts formed by him own 50% of the profit interest of the Adviser. He has been President, Director and 50% shareholder of Sierra since 1992 and was a general partner of Sierra's predecessor since its formation in 1987. Mr. Wright has also been the President, Director and 50% shareholder of Ocean Park since its formation in 1988.

From 1982 to early 1985, Mr. Wright developed several market-timing technical studies. Mr. Wright served as director of Technical Research at Bateman Eichler, Hill Richards, Inc., a large brokerage/investment banking firm headquartered in Los Angeles, California, from 1985 through September 1987. Mr. Wright has also written and spoken on a wide range of investment topics for both public and professional audiences. He served on the Board of Directors of the Los Angeles Chapter of the American Association of Individual Investors from 1983 to 2007.

Terri Spath, MBA, CFA, CFP®
Ms. Spath has been employed as Chief Investment Officer with Sierra since 2015. Prior to joining Sierra, she was employed by Mercer Advisors as Deputy Chief Investment Officer. Her previous roles have included portfolio management and analyst responsibilities at Franklin Templeton, Fidelity Investment and RSF Capital Management. Ms. Spath has published and spoken on a wide range of investment topics for both public and professional audiences.

The Fund's Statement of Additional Information provides additional information about the portfolio managers' compensation structure, other accounts managed by the portfolio managers, and the portfolio managers' ownership of shares of the Fund.

HOW SHARES ARE PRICED

The net asset value ("NAV") and offering price (NAV plus any applicable sales charges) of each class of shares is determined as of the close of the New York Stock Exchange ("NYSE") (normally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. NAV is computed by determining the aggregate market value of all assets of the Fund less its liabilities divided by the total number of the Fund's shares outstanding on a class-specific basis ((Assets minus liabilities)/number of shares=NAV). The NYSE is closed on weekends and New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The NAV takes into account the expenses and fees of the Fund, including investment advisory, administration, and distribution fees, which are accrued daily. The determination of NAV of each class of the Fund for a particular day is applicable to all applications for the purchase of shares, as well as all requests for the redemption of shares, received by the Fund (or an authorized broker or agent, or its authorized designee) before the close of trading on the NYSE on that day.

Generally, ETFs and other traded securities are valued each day at the last quoted sales price on each security's principal exchange. Securities traded or dealt in on one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid and ask prices on such exchange. Securities primarily traded in the National Association of Securities Dealers' Automated Quotation System ("NASDAQ") National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally shall be valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the- counter market. Debt securities not traded on an exchange may be valued at prices supplied by a pricing agent(s) based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity.

If market quotations are not readily available, securities will be valued at their fair market value as determined using the "fair value" procedures approved by the Board. If market quotations are not readily available, securities will be valued at their fair market value as determined in good faith by the Adviser in accordance with procedures approved by the Board and evaluated by the Board quarterly as to the reliability of the fair value method used. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security may be materially different than the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available. The Board has delegated execution of these procedures to a fair value team composed of one or more representatives from each of the (i) Trust, (ii) administrator, and (iii) Adviser. The team may also enlist third party consultants such as an audit firm or financial officer of a security issuer on an as-needed basis to assist in determining a security-specific fair value. The Board reviews and ratifies the execution of this process and the resultant fair value prices at least quarterly to assure the process produces reliable results.

The Fund may use independent pricing services to assist in calculating the value of the Fund's securities. Although not part of the Adviser's principal investment strategy, since the Fund may invest in foreign securities that are primarily listed on foreign exchanges that may trade on weekends or other days when the Fund does not price its shares, the value of the Fund's portfolio may change on days when you may not be able to buy or sell Fund shares. In computing the NAV of the Fund, the Adviser values foreign securities held by the Fund at the latest closing price on the exchange in which they are traded immediately prior to closing of the NYSE. Prices of foreign securities quoted in foreign currencies are translated into U.S. dollars at current rates. If events materially affecting the value of a security in the Fund's portfolio occur before the Fund prices its shares, the security will be valued at fair value. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the Adviser or sub-Adviser may need to price the security using the Fund's fair value pricing guidelines. Without a fair value price, short-term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Fair valuation of the Fund's portfolio securities can serve to reduce arbitrage opportunities available to short-term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund's NAV by short-term traders.

With respect to any portion of the Fund's assets that are invested in one or more open-end management investment companies that are registered under the Investment Company Act of 1940 Act, as amended ("1940 Act") (mutual funds), the Fund's net asset value is calculated based upon the net asset values of the mutual funds in which the Fund invests, and the prospectuses for these companies explain the circumstances under which those companies will use fair value pricing and the effects of using fair value pricing.

HOW TO PURCHASE SHARES

Share Classes: This Prospectus describes four classes of shares offered by the Fund: Class A, Class C, Instl Class, and Investor Class. The Fund offers these four classes of shares so that you can choose the class that best suits your investment needs. Refer to the information below so that you can choose the class that best suits your investment needs. The main differences between each class are sales charges, ongoing fees, minimum investment and the distribution channel through which shares are available. In choosing which class of shares to purchase, you should consider which will be most beneficial to you, given the amount of your purchase and the length of time you expect to hold the shares. Each class of shares in the Fund represents interest in the same portfolio of investments within the Fund. The Fund reserves the right to waive sales charges as described below or waive share class minimum investments at the Fund's or the Adviser's discretion. All share classes may not be available for purchase in all states.

Class A Shares: Class A shares are offered at their public offering price, which is NAV plus the applicable sales charge and is subject to 12b-1 distribution fees of up to 0.25% of the average daily net assets of Class A shares. The Fund may pay up to 0.25% of the average daily net assets of Class A shares in 12b-1 fees for compensation for shareholder servicing and the balance of 12b-1 fees for distribution related activities. Because the 12b-1 fee is paid out of the Fund's assets on an ongoing basis, over time the fee may increase the costs of your investment and may cost you more than paying other types of service charges. The minimum initial investment in the Class A shares is $10,000 and the minimum subsequent investment is $1,000. The sales charge varies, depending on how much you invest. There are no sales charges on reinvested distributions. The following sales charges apply to your purchases of Class A shares of each Fund:

Amount Invested	Sales Charge as a % of Offering Price(1)	Sales Charge as a % of Amount Invested	Dealer Reallowance(2)
Under $50,000	5.75%	6.10%	5.50%
$50,000 to $99,999	4.75%	4.99%	4.50%
$100,000 to $249,999	3.75%	3.90%	3.50%
$250,000 to $499,999	3.00%	3.09%	2.75%
$500,000 to $999,999	2.00%	2.04%	1.75%
$1,000,000 and above	None	None	See Below

(1) Offering price includes the front-end sales load. The sales charge you pay may differ slightly from the amount set forth above because of rounding that occurs in the calculations used to determine your sales charge.

(2) Represents the amount of the sales charge retained by the selling broker-dealer.

The Adviser shall reimburse the Fund in connection with commissions retained by authorized broker-dealers on purchases of Class A shares over $1 million calculated as follows: 1.00% on purchases between $1 million and $3 million, 0.50% on amounts over $3 million but less than $5 million, and 0.25% on amounts over $5 million. The commission rate is determined based on the purchase amount combined with the current market value of existing investments in Class A shares.

As shown, investors that purchase $1,000,000 or more Class A shares will not pay any initial sales charge on the purchase. However, purchases of $1,000,000 or more of Class A shares may be subject to a Contingent Deferred Sales Charge ("CDSC") on shares redeemed within the first 18 months after their purchase in the amount of the commissions paid on those shares redeemed. Shares held longest will be treated as being redeemed first and shares held shortest as being redeemed last. Shares held for 18 months or more are not subject to the CDSC.

You may be able to buy Class A shares without a sales charge when you are:

- Current and retired Trustees and officers of the Fund, their families (*e.g.*, spouse, children, mother or father) and any purchases referred through the Adviser.
- Employees of the Adviser and their families, or any full-time employee or registered representative of the distributor or of broker-dealers having dealer agreements with the Adviser (a "Selling Broker") and their immediate families (or any trust, pension, profit sharing or other benefit plan for the benefit of such persons).
- Any full-time employee of a bank, savings and loan, credit union or other financial institution that utilizes a Selling Broker to clear purchases of the Fund's shares and their immediate families.
- Participants in certain "wrap-fee" or asset allocation programs or other fee-based arrangements sponsored by broker-dealers and other financial institutions that have entered into agreements with the Adviser.
- Clients of registered investment advisors that have entered into arrangements with the Adviser providing for the shares to be used in particular investment products made available to such clients and for which such registered investment advisors may charge a separate fee, including third party administrators.

- Institutional investors (which may include bank trust departments and registered investment advisors).
- Any accounts established on behalf of registered investment advisers or their clients by broker-dealers that charge a transaction fee and that have entered into agreements with the Adviser. (Currently, there are currently no such agreements in place for the Fund.)
- Separate accounts used to fund certain unregistered variable annuity contracts or Section 403(b) or 401(a) or (k) accounts.
- Employer-sponsored retirement or benefit plans with total plan assets in excess of $5 million where the plan's investments in the Fund are part of an omnibus account. A minimum initial investment of $1 million in the Fund is required. The Adviser, in its sole discretion, may waive these minimum dollar requirements.

The availability of certain sales charge waivers and discounts to Class A Shares of the Fund will depend on whether you purchase your Class A Shares directly from the a Fund or through a financial intermediary. Intermediaries may have different policies and procedures (from those described above for Class A Shares generally) regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify a Fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase a Fund shares directly from the Fund or through another intermediary to receive such waivers or discounts.

Effective July 1, 2018, shareholders purchasing Class A Shares of a Fund through a Morgan Stanley Wealth Management transactional brokerage account will be eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than disclosed elsewhere in this Prospectus.

Front-end Sales Charge Waivers on Class A Shares available at Morgan Stanley Wealth Management

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs, SAR-SEPs or Keogh plans
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley's account linking rules
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund
- Shares purchased through a Morgan Stanley self-directed brokerage account
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management's share class conversion program
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge.

The sales charge on purchases of Class A shares is waived for certain types of investors, including:

- Current and retired directors and officers of the Fund, or the Adviser, or any of their subsidiaries or affiliates, or their families (e.g., spouse, children, mother or father).
- Employees of the Adviser and their families, or any full-time employee or registered representative of the distributor or of broker-dealers (each a "Selling Broker") and their affiliates having dealer agreements with the distributor and their immediate families (or any trust, pension, profit-sharing or other benefit plan for the benefit of such persons).
- Any full-time employee of a bank, savings and loan, credit union or other financial institution that utilizes a Selling Broker to clear purchases of the fund's shares and their immediate families.
- Participants in certain "wrap-fee" or asset allocation programs or other fee-based arrangements sponsored by broker-dealers and other financial institutions that have entered into agreements with the distributor.
- Clients of financial intermediaries that have entered into an agreement with the distributor providing for the shares to be used in particular investment products made available to such clients and for which such registered investment advisers may charge a separate fee.
- Clients of financial intermediaries that have entered into an agreement with the distributor to offer shares to self-directed investment brokerage accounts, whether or not such accounts are subject to transaction fees.

- Institutional investors (which may include bank trust departments and registered investment advisers).
- Any accounts established on behalf of registered investment advisers or their clients by broker-dealers that charge a transaction fee and that have entered into agreements with the distributor.
- Separate accounts used to fund certain unregistered variable annuity contracts or Section 403(b) or 401(a) or (k) accounts.

The Fund does not waive sales charges for the reinvestment of proceeds from the sale of shares of a different fund where those shares were subject to a front-end sales charge (sometimes called an "NAV transfer"). Whether a sales charge waiver is available for your retirement plan or charitable account depends upon the policies and procedures of your intermediary. Please consult your financial adviser for further information.

Please see Appendix A, found on page 20, for more information on Class A Shares Front-End Sales Charge Waivers for clients of Raymond James and Morgan Stanley.

Right of Accumulation: For the purposes of determining the applicable reduced sales charge on the Class A shares, the right of accumulation allows you to include prior purchases of Fund shares as part of your current investment as well as reinvested dividends. To qualify for this option, you must be either:

- an individual;
- an individual and spouse purchasing shares for your own account or trust or custodial accounts for your minor children; or
- a fiduciary purchasing for any one trust, estate or fiduciary account, including employee benefit plans created under Sections 401, 403 or 457 of the Internal Revenue Code, including related plans of the same employer.

If you plan to rely on this right of accumulation, you must notify the Fund's distributor, Northern Lights Distributors, LLC, at the time of your purchase. You will need to give the distributor your account numbers. Existing holdings of family members or other related accounts of a shareholder may be combined for purposes of determining eligibility. If applicable, you will need to provide the account numbers of your spouse and your minor children as well as the ages of your minor children.

Letter of Intent: The letter of intent allows you to count all investments within a 13-month period in Class A shares of the Fund as if you were making them all at once for the purposes of calculating the applicable reduced sales charges. The minimum initial investment under a letter of intent is 5% of the total letter of intent amount. The letter of intent does not preclude the Fund from discontinuing sales of its Class A shares. You may include a purchase not originally made pursuant to a letter of intent under a letter of intent entered into within 90 days of the original purchase. To determine the applicable sales charge reduction, you may also include the cost of shares of the Fund that were previously purchased at a price including a front-end sales charge during the 90-day period prior to the distributor receiving the letter of intent. You may combine purchases by family members (limited to spouse and children, under the age of 21, living in the same household). You should retain any records necessary to substantiate historical costs because the Fund, the transfer agent and any financial intermediaries may not maintain this information. Shares acquired through reinvestment of dividends are not aggregated to achieve the stated investment goal.

As detailed below, shares of the Fund are available in other share classes that have different fees and expenses.

Instl Class: Instl Class of the Fund are sold at NAV without an initial sales charge. Instl Class shares do not pay any 12b-1 fees. Instl Class require a minimum initial investment of $10,000. Registered investment advisers and broker/dealer firms that have omnibus accounts with the Fund may achieve the required initial minimum by aggregating an initial purchase on behalf of multiple clients and may thereafter make purchases in lesser amounts. Instl Class shares may also be available on certain brokerage platforms. An investor transacting in Instl Class shares through a broker acting as an agent for the investor may be required to pay a portfolio management fee and/or other forms of compensation to the broker.

Class C Shares: Class C shares of the Fund are offered at their NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. Class C shares pay up to 1.00% on an annualized basis of the average daily net assets as reimbursement or compensation for service and distribution-related activities with respect to the Funds and/or shareholder services. Over time, fees paid under this distribution and service plan will increase the cost of a Class C shareholder's investment and may cost more than other types of sales charges.

Brokers that have entered into selling agreements with the Funds' distributor may receive an annualized commission of up to 1.00% of the purchase price of Class C shares, paid on a monthly basis following the sale of those shares. The minimum initial investment in the Class C shares is $10,000 and the minimum subsequent investment is $1,000.

Investor Class Shares: Investor Class shares of the Fund are sold at NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. Investor Class shares require a minimum initial investment of $10,000 and the minimum subsequent investment is $1,000. Investor Class shares pay up to 0.40% on an annualized basis of the average daily net assets as reimbursement or compensation for service and distribution-related activities with respect to the Funds and/or shareholder services. Over time, fees paid under this distribution and service plan will increase the cost of an Investor Class shareholder's investment and may cost more than other types of sales charges. Registered investment advisers and broker/dealer firms that have omnibus accounts with the Fund may achieve the required initial minimum by aggregating an initial purchase on behalf of multiple clients and may thereafter make purchases in lesser amounts.

Factors to Consider When Choosing a Share Class: When deciding which class of shares of the Fund to purchase, you should consider your investment goals, present and future amounts you may invest in the Fund, and the length of time you intend to hold your shares. To help you make a determination as to which class of shares to buy, please refer back to the examples of the Fund's expenses over time in the **Fees and Expenses** section for the Fund in this Prospectus. You also may wish to consult with your financial adviser for advice with regard to which share class would be most appropriate for you. Not all share classes are distributed through the same channels and may not be available to all prospective shareholders.

Purchasing Shares: You may purchase shares of the Fund by sending a completed application form to the following address:

via Regular Mail:	***or Overnight Mail:***
Sierra Tactical Bond Fund	**Sierra Tactical Bond Fund**
c/o Gemini Fund Services, LLC	c/o Gemini Fund Services, LLC
P.O. Box 541150	4221 North 203rd Street, Suite 100
Omaha, Nebraska 68154	Elkhorn, Nebraska 68022-3474

The USA PATRIOT Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. As requested on the Application, you should supply your full name, date of birth, social security number and permanent street address. Mailing addresses containing a P.O. Box will not be accepted. This information will assist the Fund in verifying your identity. Until such verification is made, the Fund may temporarily limit additional share purchases. In addition, the Fund may limit additional share purchases or close an account if it is unable to verify a shareholder's identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

The Fund, however, reserves the right, in its sole discretion, to reject any application to purchase shares. Applications will not be accepted unless they are accompanied by a check drawn on a U.S. bank, thrift institutions, or credit union in U.S. funds for the full amount of the shares to be purchased. After you open an account, you may purchase additional shares by sending a check together with written instructions stating the name(s) on the account and the account number, to the above address. Make all checks payable to "Sierra Tactical Bond Fund". The Fund will not accept payment in cash, including cashier's checks or money orders. Also, the Fund will not accept third party checks, U.S. Treasury checks, credit card checks or starter checks for the purchase of shares.

Note: Gemini Fund Services, LLC, the Fund's transfer agent, will charge a $25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any check returned to the transfer agent for insufficient funds.

Purchase through Brokers: You may invest in the Fund through brokers or agents who have entered into selling agreements with the Fund's distributor. The brokers and agents are authorized to receive purchase and redemption orders on behalf of the Fund. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or its designee receives the order. The broker or agent may set their own initial and subsequent investment minimums. You may be charged a fee if you use a broker or agent to buy or redeem shares of the Fund. Finally, various servicing agents use procedures and impose restrictions that may be in addition to, or different from those applicable to investors purchasing shares directly from the Fund. You should carefully read the program materials provided to you by your servicing agent.

Purchase by Wire: If you wish to wire money to make an investment in the Fund, please call the Fund at 1-800-738-4363 for wiring instructions and to notify the Fund that a wire transfer is coming. Any commercial bank can transfer same-day funds via wire. The Fund will normally accept wired funds for investment on the day received if they are received by the Fund's designated bank before the close of regular trading on the NYSE. Your bank may charge you a fee for wiring same-day funds.

Transactions through www.SierraMutualFunds.com: You may purchase the Fund's shares and redeem the Fund's shares through the Fund's website www.SierraMutualFunds.com. To establish Internet transaction privileges, you must enroll through the website. You automatically have the ability to establish Internet transaction privileges unless you decline the privileges on your New Account Application or IRA Application. You will be required to enter into a user's agreement through the website in order to enroll in these privileges. In order to conduct Internet transactions, you must have telephone transaction privileges. To purchase shares through the website you must also have ACH instructions on your account.

Redemption proceeds may be sent to you by check to the address of record, or if your account has existing bank information, by wire or ACH. Only bank accounts held at domestic financial institutions that are ACH members can be used for transactions through the Fund's website. Transactions through the website are subject to the same minimums as other transaction methods.

You should be aware that the Internet is an unsecured, unstable, unregulated and unpredictable environment. Your ability to use the website for transactions is dependent upon the Internet and equipment, software, systems, data and services provided by various vendors and third parties. While the Fund and its service providers have established certain security procedures, the Fund, its distributor and its transfer agent cannot assure you that trading information will be completely secure.

There may also be delays, malfunctions, or other inconveniences generally associated with this medium. There also may be times when the web site is unavailable for Fund transactions or other purposes. Should this happen, you should consider purchasing or redeeming shares by another method. Neither the Fund nor its transfer agent, distributor nor Adviser will be liable for any such delays or malfunctions or unauthorized interception or access to communications or account information.

Automatic Investment Plan: You may participate in the Fund's Automatic Investment Plan, an investment plan that automatically moves money from your bank account and invests it in the Fund through the use of electronic funds transfers or automatic bank drafts. You may elect to make subsequent investments by transfers of a minimum of $100 on specified days of each month into your established Fund account. Please contact the Fund at 1-866-738-4363 for more information about the Fund's Automatic Investment Plan.

Minimum and Additional Investment Amounts: You can open an account with a minimum initial investment of $10,000 in Class A, Investor Shares and Class Instl shares of the Fund and make additional investments to the account at any time with as little as $1,000. Investor Class shares require a minimum initial investment of $10,000 and minimum subsequent investments must be at least $1,000. There is no minimum investment requirement when you are buying shares by reinvesting dividends and distributions from the Fund. The Fund reserves the right to waive any investment minimum.

Redemptions of Shares of the Fund purchased by check may be subject to a hold period until the check has been cleared by the issuing bank. To avoid such holding periods, Shares may be purchased through a broker or by wire, as described in this section

When Order is Processed: All shares will be purchased at the NAV per share (plus applicable sales charges, if any) next determined after the Fund receives your application or request in good order. All requests received in good order by the Fund before 4:00 p.m. (Eastern Time) will be processed on that same day. Requests received after 4:00 p.m. will be processed on the next business day. If you purchase shares using a check and soon thereafter request a redemption, your redemption proceeds, which are payable at the next determined NAV following the receipt your redemption request in "good order", as described below, will not be sent until the check used for your purchase has cleared your bank.

Good Order: When making a purchase request, make sure your request is in good order. "Good order" means your purchase request includes:

- the name of the Fund and share class,
- the dollar amount of shares to be purchased,
- a completed purchase application or investment stub, and
- check payable to the "Sierra Tactical Bond Fund."

Retirement Plans: You may purchase shares of the Fund for your individual retirement plans. Please call the Fund at 1-866-738-4363 for the most current listing and appropriate disclosure documentation on how to open a retirement account.

HOW TO REDEEM SHARES

Redeeming Shares: You may redeem all or any portion of the shares credited to your account by submitting a written request for redemption to:

via Regular Mail:	***or Overnight Mail:***
Sierra Tactical Bond Fund	**Sierra Tactical Bond Fund**
c/o Gemini Fund Services, LLC	c/o Gemini Fund Services, LLC
P.O. Box 541150	4221 North 203rd Street, Suite 100
Omaha, Nebraska 68154	Elkhorn, Nebraska 68022-3474

Redemptions by Telephone: The telephone redemption privilege is automatically available to all new accounts except retirement accounts. If you do not want the telephone redemption privilege, you must indicate this in the appropriate area on your account application or you must write to the Fund and instruct it to remove this privilege from your account.

The proceeds, which are equal to number of shares times NAV less any applicable deferred sales charges or redemption fees, will be sent by mail to the address designated on your account or sent electronically, via ACH or wire, directly to your existing account in a bank or brokerage firm in the United States as designated on your application. To redeem by telephone, call 1-866-738-4363. The redemption proceeds normally will be sent by mail or electronically within three business days after receipt of your telephone instructions. IRA accounts are not redeemable by telephone.

The Fund reserves the right to suspend the telephone redemption privileges with respect to your account if the name(s) or the address on the account has been changed within the previous 30 days. Neither the Fund, the transfer agent, nor their respective affiliates will be liable for complying with telephone instructions they reasonably believe to be genuine or for any loss, damage, cost or expenses in acting on such telephone instructions and you will be required to bear the risk of any such loss. The Fund or the transfer agent, or both, will employ reasonable procedures to determine that telephone instructions are genuine. If the Fund and/or the transfer agent do not employ these procedures, they may be liable to you for losses due to unauthorized or fraudulent instructions. These procedures may include, among others, requiring forms of personal identification prior to acting upon telephone instructions, providing written confirmation of the transactions and/or tape recording telephone instructions.

Redemptions through Broker: If shares of the Fund are held by a broker-dealer, financial institution or other servicing agent, you must contact that servicing agent to redeem shares of the Fund. The servicing agent may charge a fee for this service.

Redemptions by Wire: You may request that your redemption proceeds be wired directly to your bank account. The Fund's transfer agent imposes a $15 fee for each wire redemption and deducts the fee directly from your account. Your bank may also impose a fee for the incoming wire.

Redemptions through www.SierraMutualFunds.com: You may redeem your shares through the Fund's website www.SierraMutualFunds.com. Shares from a tax-sheltered retirement account cannot be redeemed through the Fund's website. For complete information regarding Internet transactions, please see the section above entitled "Transactions Through www.SierraMutualFunds.com." A redemption request through the website will not be honored if a medallion signature guarantee is required as described below.

Automatic Withdrawal Plan: If your individual account, IRA or other qualified plan account has a current account value of at least $10,000, you may participate in the Fund's Automatic Withdrawal Plan, an investment plan that automatically moves money to your bank account from the Fund through the use of electronic funds transfers. You may elect to make subsequent withdrawals by transfers of a minimum of $100 on specified days of each month into your established bank account. Please contact the Fund at 1-866-738-4363 for more information about the Fund's Automatic Withdrawal Plan.

Additional Information: The Fund typically expects that it will take up to 3 business days following the receipt of your redemption request to pay out redemption proceeds by check or electronic transfer. The Fund typically expects to pay redemptions from cash, cash equivalents, proceeds from the sale of Fund shares, any lines of credit, and then from the sale of portfolio securities. These redemption payment methods will be used in regular and stressed market conditions.

Redemptions in Kind: The Fund reserves the right to honor requests for redemption or repurchase orders by making payment in whole or in part in readily marketable securities ("redemption in kind") if the amount is greater than $250,000 or 1% of the Fund's assets. The securities will be chosen by the Fund and valued at the Fund's net asset value. To the extent feasible and if in the best interests of all Fund shareholders, redemptions in kind will be paid with a pro rata allocation of the Fund's portfolio securities. In the event of a redemption in kind, a redeeming shareholder will be exposed to market risk until these securities are converted to cash and may incur transaction expenses in converting these securities to cash.

When Redemptions are Sent: Once the Fund receives your redemption request in "good order" as described below, it will issue a check based on the next determined NAV following your redemption request. The redemption proceeds normally will be sent by mail or by wire within three business days after receipt of a request in "good order." If you purchase shares using a check and soon after request a redemption, your redemption proceeds will not be sent until the check used for your purchase has cleared your bank.

Good Order: Your redemption request will be processed if it is in "good order." To be in good order, the following conditions must be satisfied:

- The request should be in writing, unless redeeming by telephone, indicating the number of shares or dollar amount to be redeemed.
- The request must identify your account number.
- The request should be signed by you and any other person listed on the account, exactly as the shares are registered.
- If you request that the redemption proceeds be sent to a person, bank or an address other than that of record or paid to someone other than the record owner(s), or if the address was changed within the last 30 days, or if the proceeds of a requested redemption exceed $100,000, the signature(s) on the request must be medallion signature guaranteed by an eligible signature guarantor.

Exchanging Shares: Shares of the Fund may be exchanged without payment of any exchange fee for shares of the Sierra Tactical All Asset Fund, the Sierra Tactical Core Income Fund or the Sierra Tactical Municipal Fund of the same class at their respective net asset values. Shares of the Sierra Tactical All Asset Fund, the Sierra Tactical Core Income Fund and the Sierra Tactical Municipal Fund are offered through a separate Prospectuses, which may be obtained by calling 1-866-738-4363 or viewed on www.SierraMutualFunds.com.

An exchange of shares is treated for federal income tax purposes as a redemption (sale) of shares given in exchange by the shareholder, and an exchanging shareholder may, therefore, realize a taxable gain or loss in connection with the exchange.

With regard to redemptions and exchanges made by telephone, the Fund's Transfer Agent will request personal or other identifying information to confirm that the instructions received from shareholders or their account representatives are genuine. Calls may be recorded. For your protection, we may delay a transaction or not implement one if we are not reasonably satisfied that the instructions are genuine. If this occurs, we will not be liable for any loss. The Fund's distributor and the transfer agent also will not be liable for any losses if they follow instruction by phone that they reasonably believe are genuine or if an investor is unable to execute a transaction by phone.

Limitations on Exchanges. The Fund believes that use of the exchange privilege by investors utilizing market-timing strategies adversely affects the Fund and its Shareholders. Therefore, the Fund generally will not honor requests for exchanges by shareholders who identify themselves or are identified as "market timers." Market timers are investors who repeatedly make exchanges within a short period of time. The Fund reserves the right to suspend, limit or terminate the exchange privilege of an investor who uses the exchange privilege more than six times during any twelve-month period, or in the Fund's opinion, engages in excessive trading that would be disadvantageous to the Funds or their shareholders. In those emergency circumstances wherein the SEC authorizes funds to do so, the Fund reserves the right to change or temporarily suspend the exchange privilege.

When You Need Medallion Signature Guarantees: If you wish to change the bank or brokerage account that you have designated on your account, you may do so at any time by writing to the Fund with your signature guaranteed. A medallion signature guarantee assures that a signature is genuine and protects you from unauthorized account transfers. You will need your signature guaranteed if:

- you request a redemption to be made payable to a person not on record with the Fund,
- you request that a redemption be mailed to an address other than that on record with the Fund,
- the proceeds of a requested redemption exceed $100,000,
- any redemption is transmitted by federal wire transfer to a bank other than the bank of record, or
- your address was changed within 30 days of your redemption request.

Signatures may be guaranteed by any eligible guarantor institution (including banks, brokers and dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations). Further documentation will be required to change the designated account if shares are held by a corporation, fiduciary or other organization. *A notary public cannot guarantee signatures.*

Retirement Plans: If you own an IRA or other retirement plan, you must indicate on your redemption request whether the Fund should withhold federal income tax. Unless you elect in your redemption request that you do not want to have federal tax withheld, the redemption will be subject to withholding.

Low Balances: If at any time your account balance in the Fund falls below $5,000, the Fund may notify you that, unless the account is brought up to at least $10,000 within 60 days of the notice; your account could be closed. After the notice period, the Fund may redeem all of your shares and close your account by sending you a check to the address of record. Your account will not be closed if the account balance drops below $5,000 due to a decline in NAV. The Fund will not charge any redemption fee on involuntary redemptions.

TAX STATUS, DIVIDENDS AND DISTRIBUTIONS

Any sale or exchange of the Fund's shares may generate tax liability, unless you are a tax-exempt investor or your investment is in a qualified retirement account such as an IRA or a 401(k). Transactions and gains within such accounts are not taxed, but when proceeds are paid out to the participant those amounts are taxable. When you redeem your shares in a taxable account, you may realize a taxable gain or loss. This is measured by the difference between the proceeds of the sale and the tax basis for the shares you sold. (To aid in computing your tax basis, you generally should retain your account statements for the period that you hold shares in the Fund.)

The Fund intends to distribute substantially all of its net investment income monthly and net capital gains annually in December. All such distributions will be reinvested in shares of the Fund unless you elect to receive cash. Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are taxable to investors as ordinary income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares, unless you are a tax-exempt investor or your investment is in a qualified retirement account such as an IRA or a 401(k). Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash. Certain dividends or distributions declared in October, November or December will be taxed to shareholders as if received in December if they are paid during the following January. Each year the Fund will inform you of the amount and type of your distributions.

The Fund very seldom holds portfolio positions for 12 months or longer, and thus typically realizes net short-term capital gains by selling shares of Underlying Funds that have appreciated in value. Therefore, for taxable accounts, investing in the Fund rather than directly in the Underlying Funds (and for long-term holding periods) will result in increased tax liability to you since the Fund must distribute its realized gains annually in accordance with certain rules under the Internal Revenue Code.

On the account application, you will be asked to certify that your social security number or taxpayer identification number is correct and that you are not subject to backup withholding for failing to report income to the IRS. If you are subject to backup withholding or you did not certify your taxpayer identification number, the IRS requires the Fund to withhold a percentage of any dividend, redemption or exchange proceeds. The Fund reserves the right to reject any application that does not include a certified social security or taxpayer identification number. If you do not have a social security number, you should indicate on the purchase form that your application to obtain a number is pending. The Fund is required to withhold taxes if a number is not delivered to the Fund within seven days.

This summary is not intended to be and should not be construed to be legal or tax advice. You should consult your own tax advisors to determine the tax consequences of owning the Fund's shares.

FREQUENT PURCHASES AND REDEMPTION OF FUND SHARES

The Fund discourages and does not accommodate market timing. Frequent trading into and out of the Fund can harm all Fund shareholders by disrupting the Fund's investment strategies, increasing trading costs and other Fund expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders. The Fund is designed for long-term investors and is not intended for market timing or other disruptive trading activities. Accordingly, the Fund's Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change.

The Fund currently uses several methods to reduce the risk of market timing. These methods include committing staff to review, on a continuing basis, recent trading activity in order to identify trading activity that may be contrary to the Fund's "Market Timing Trading Policy". Though these methods involve judgments that are inherently subjective and involve some selectivity in their application, the Fund seeks to make judgments and applications that are consistent with the interests of the Fund's shareholders.

Based on the frequency of redemptions in your account, the Adviser or transfer agent may in its sole discretion determine that your trading activity is detrimental to the Fund as described in the Fund's Market Timing Trading Policy and elect to reject or limit the amount, number, frequency or method for requesting future purchases or exchanges into the Fund.

The Fund reserves the right to reject or restrict purchase or exchange requests for any reason, particularly when a shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Fund nor the Adviser will be liable for any losses resulting from rejected purchase or exchange orders. The Adviser may also bar an investor who has violated these policies (and the investor's financial adviser) from opening new accounts with the Fund.

Although the Fund attempts to limit disruptive trading activities, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Fund will be able to identify or limit these activities. Omnibus account arrangements are common forms of holding shares of funds. While the Fund will encourage financial intermediaries to apply the Fund's Market Timing Trading Policy to their customers who invest indirectly in the Fund, the Fund is limited in its ability to monitor the trading activity or enforce the Fund's Market Timing Trading Policy with respect to customers of financial intermediaries. For example, should it occur, the Fund may not be able to detect market timing that may be facilitated by financial intermediaries or made difficult to identify in the omnibus accounts used by those intermediaries for aggregated purchases, exchanges and redemptions on behalf of all their customers. More specifically, unless the financial intermediaries have the ability to apply the Fund's Market Timing Trading Policy to their customers through such methods as implementing short-term trading limitations or restriction and monitoring trading activity for what might be market timing, the Fund may not be able to determine whether trading by customers of financial intermediaries is contrary to the Fund's Market Timing Trading Policy. However, the Fund will ensure that financial intermediaries maintaining omnibus accounts on behalf of the Fund enter into an agreement with the Fund to provide shareholder transaction information, to the extent known to the financial intermediary, to the Fund upon request.

DISTRIBUTION OF SHARES

Distributor: Northern Lights Distributors, LLC, 4221 North 203rd Street, Elkhorn, NE 68022, is the distributor for the shares of the Fund. Northern Lights Distributors, LLC is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Shares of the Fund are offered on a continuous basis.

Distribution Fees: The Trust, with respect to the Fund, has adopted the Trust's Master Distribution and Shareholder Servicing Plans with respect to each of Class A, Class C and Investor Class ("12b-1 Plans" or "Plans"), pursuant to Rule 12b-1 of the 1940 Act which allows the Fund to pay the Fund's distributor an annual fee for distribution and shareholder servicing expenses of up to 0.25% of the Fund's average daily net assets attributable to Class A shares, 1.00% of the Fund's average daily net assets attributable to Class C shares and 0.40% of Investor Class shares. With respect to the Fund's Class A and Investor class shares, a portion of the fee payable to financial intermediaries pursuant to the Plan, up to 0.25% of the average daily net assets, is currently characterized as a service fee as such term is defined under Rule 2830 of the FINRA Conduct Rules and it may be paid directly to entities for providing support services. A service fee is a payment made for personal service and/or the maintenance of shareholder accounts. The fee is treated by the Fund as an expense in the year it is accrued. Because the fee is paid out of the Fund's assets on an ongoing basis, over time the fee may increase the costs of your investment and may cost you more than paying other types of service charges. Any service fee paid by the Fund's Class C Shares on an ongoing basis to financial intermediaries for shareholder support services shall be limited to no more than 0.25% of the average daily net assets, as described above.

The Fund's distributor, the Adviser, financial intermediaries and other entities are paid pursuant to the Plans for distribution and shareholder servicing provided and the expenses borne by the distributor and others in the distribution of Fund shares, including the payment of commissions for sales of the shares and incentive compensation to and expenses of dealers and others who engage in or support distribution of shares or who service shareholder accounts, including overhead and telephone expenses; printing and distribution of Prospectuses and reports used in connection with the offering of the Fund's shares to other than current shareholders; and preparation, printing and distribution of sales literature and advertising materials. In addition, the distributor or other entities may utilize fees paid pursuant to the Plan to compensate dealers or other entities for their opportunity costs in advancing such amounts, which compensation would be in the form of a carrying charge on any un-reimbursed expenses.

You should be aware that if you hold shares bearing distribution (12b-1) fees for a substantial period of time, you may indirectly pay more than the economic equivalent of the maximum front-end sales charge allowed by FINRA due to the recurring nature of distribution fees.

Additional Compensation to Financial Intermediaries: The Fund's distributor, its affiliates, and the Adviser may each, at its own expense and out of its own legitimate profits, provide additional cash payments to financial intermediaries who sell shares of the Fund. Financial intermediaries include brokers, financial planners, banks, insurance companies, retirement or 401(k) plan administrators and others. These payments may be in addition to the Rule 12b-1 fees and any sales charges that are disclosed elsewhere in this Prospectus. These payments are generally made to financial intermediaries that provide shareholder or administrative services, or marketing support. Marketing support may include access to sales meetings, sales representatives and financial intermediary management representatives, inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs. These payments also may be made as an expense reimbursement in cases where the financial intermediary provides shareholder services to Fund shareholders. The distributor may, from time to time, provide promotional incentives, including reallowance and/or payment of up to the entire sales charge, to certain investment firms. Such incentives may, at the distributor's discretion, be limited to investment firms who allow their individual selling representatives to participate in such additional commissions.

Householding: To reduce expenses, we mail only one copy of the Prospectus and each annual and semi-annual report to those addresses share by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at 1-866-738-4363 between the hours of 8:30 a.m. and 6:00 p.m. Eastern Time on days the Fund is open for business or contact your financial institution. We will begin sending you individual copies within thirty days after receiving your request.

FINANCIAL HIGHLIGHTS

Because the Fund has only recently commenced investment operations, no financial highlights are available for the Fund at this time. In the future, financial highlights will be presented in this section of the Prospectus and on www.SierraMutualFunds.com.

Appendix A

The availability of certain sales charge waivers and discounts will depend on whether you purchase your Class A shares directly from the Fund or through a financial intermediary. Specific intermediaries may have different policies and procedures regarding the availability of front-end sales charge waivers or CDSC waivers. In all instances, it is the shareholder's responsibility to notify the Fund or the shareholder's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. This Appendix will be updated based on information provided by the financial intermediaries. Neither the Fund, the adviser nor the distributor supervises the implementation of financial intermediary sales charge waivers, discounts, policies or procedures nor do they verify the intermediaries' administration of such waivers, discounts, policies or procedures.

For waivers and discounts not available through a particular intermediary listed below, shareholders will have to purchase Class A shares directly from the Fund or through another intermediary to receive Fund imposed waivers or discounts. Please see **How to Purchase Shares: Class A Shares** starting on page 9 of this Prospectus for information about such waivers and discounts.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc., & Raymond James affiliates ("Raymond James")

Intermediary-Defined Sales Charge Waiver Policies

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase fund shares directly from the fund or through another intermediary to receive these waivers or discounts.

Effective March 1, 2019, shareholders purchasing fund shares through a Raymond James platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund's prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund's Class A shares will have their shares converted at net asset value to Class I shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A, B and C shares available at Raymond James

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund's prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations as described in the fund's prospectus.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the fund's prospectus.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, and/or rights of accumulation

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the rights of accumulation only if the shareholder notifies his or her financial advisor about such assets.

Effective July 1, 2018, shareholders purchasing Class A Shares of a Fund through a Morgan Stanley Wealth Management transactional brokerage account will be eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than disclosed elsewhere in this Prospectus.

Front-end Sales Charge Waivers on Class A Shares available at Morgan Stanley Wealth Management

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs, SAR-SEPs or Keogh plans
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley's account linking rules
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund
- Shares purchased through a Morgan Stanley self-directed brokerage account
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management's share class conversion program
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge.
